ALI, the [Association for Logic in India](#), announces the fifth edition of its biennial Indian School on Logic and its Applications (ISLA), to be held at [Tezpur University](#), from *January 6 to 17, 2014*. The event is hosted by Deptt. of Computer Sc. & Engineering, Tezpur University.

The Indian School on Logic and Applications is a biennial event. The previous editions of the school were held in IIT Bombay, IIT Kanpur, University of Hyderabad and Manipal University. The objective is to present before graduate students and researchers of the country, some basics as well as active research areas in logic. The School typically attracts students and teachers from mathematics, philosophy and computer science departments. The School is complemented by a biennial conference. The [Fifth Indian Conference on Logic and its Applications](#) was held at IMSc Chennai, in January 2013, and the proceedings published as *LNCS 7750* in the FoLLI series.

The 5th Indian School in Logic and Applications shall have introductory courses on fundamental aspects of logic and related areas. The school shall also include workshops and advanced tutorials by eminent researchers in the area.

Visit the [ALI page](#) for information on past events, and the [ISLA 2012 website](#)

The website of the School is [here](#). Registrations are open till 1 December 2014.
