Prof. Sujatha Ramdorai was a professor of mathematics at TIFR, Mumbai and currently holds a Canada Research Chair at the University of British Columbia, Canada. She has also been a Member of the National Knowledge Commission and of the National Innovation Council in India. Prof. Ramdorai is an internationally reputed Algebraic Number Theorist. She is the first and only Indian to win the prestigious [ICTP Ramanujan Prize](#) in 2006 and is also a winner of the Shanti Swarup Bhatnagar Award in 2004.

This was an expository talk given by her on the eve of National Mathematics day, and here is a [link](#) to the presentation. A [previous article](#) in our website is related to this talk.
